

AHA Basic Life Support (BLS) Provider Course

2025 Skills Test-Out Schedule

Course Description:

The American Heart Association's HeartCode® BLS is web-based and accessible 24 hours a day and provides a flexible alternative to classroom training. Through case-based scenarios, interactive activities and videos, this course teaches concepts of both single-rescuer and team basic life support.

Online modules (Part 1) must be paired with a hands-on skills practice (Part 2) and testing session (Part 3) with a certified AHA BLS Instructor. Students who successfully complete Part 1 may register to take the skills practice and testing session with an instructor. An AHA BLS Provider course card will be issued upon successful completion of all 3 parts.

Contact Hours:

Students who complete the online HeartCode® BLS module are awarded 1.75 contact hours by the AHA. No BLS contact hours are provided by CentraCare.

"The American Heart Association strongly promotes knowledge and proficiency in all AHA courses and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the AHA. Any fees charged for such a course, except for a portion of fees needed for AHA course materials; do not represent income to the AHA."
